

Swimming pool

Our swimming pool at "Valle del Marta Resort", is designed for beauty and elegance. Built on a terraced terrain, the swimmer, depending on the vantage point has the impression that the horizon is on the edge of the pool.

. The 12 meters x 12 meters pool empties into another pool 3 meters below creating the soft sound of a mountain waterfall. In the lower pool you can enjoy the several hydro-jets that move the water giving the swimmer a soft hydro-massage or relax on the lounges to take the sun.
