ABOUT US:

OUR MESSAGE

The idea of spending a holiday in the country was born from the desire to be able to reconnect with our origins. The farm is the best vehicle to revive rich tradition of values such as respect for the land, the pleasure of good and genuine cuisine with a simple lifestyle full of great wisdom, surrounded by historical and natural beauties.

AGRICULTURE

Thanks to the temperate climate and the method of biological cultivation respecting the natural cycle of the seasons, we mean that our production is varied and tasty. Herbs, vegetables and fruits are used for preparation of tasty jams, oil and infusions.

¹ The National Etruscan Museum preserves Greek and Etruscan objects of considerable value. Most of the items on display were discovered at Tarquinia, witnessing the unfolding the ancient town from its origins when it was called "Villanovian", up to the founding of Rome (Roman conquest).

² The Necropolis of Montarozzi consists of ca. 6,000 underground burial chambers however 200 of them show traces of paintings.

VINEYARDS

Flagship of our crops are vineyards, where a careful and accurate work is followed by leading to the production of a particularly perfumed grapes that represent the ancient Etruscan land.

OLIVE OIL

Food ,at Valle del Marta, derived from ORGANIC crop production. The selected careful harvest of olives and the traditional method of cold pressing give the oil a considerable honor and taste.

RESTAURANT

In the cozy rooms of the restaurant, you can taste typical dishes prepared according to traditions, using largely the products from our crops and farms.

'Shank' of pig cooked in the oven with a recipe from the 800's, is one of our must: among the ingredients you will taste honey and fennel produced by our farm.

The 'acquacotta', a dish typical of the Maremma Laziale, prepared with all fresh picked seasonal vegetables, potatoes, egg on top and "bruschettas" (pieces of roasted bread) on the bottom of the pot, will amaze you with its special taste.³

HOSPITALITY

Our main effort is keeping alive the spirit of a genuine holiday in the countryside. Valle del Marta complies with the architectural features of the territory related to culture peasant but not neglecting the need to be surrounded by all those conveniences that makes it very comfortable holiday. At Valle del Marta guests can learn the methods of cultivation and processing of products.

ENTERTAINMENT AND ACTIVITIES

During the year we organize tour, by an advance booking, to visit and see the farm activities. We plan guided tours to the discovery of the Etruscan civilization and the of medieval splendor.

All visits will be accompanied by Mario and Franco, who will enrich the visits with their lived experiences. We suggest comfortable shoes.

CONFERENCE ROOM

The conference room made inside an old military railway tunnel, can accommodate up to 250/300 people. Conferences, educational activities, exhibitions take place in a medieval atmosphere.

The tunnel was built in the first years of 900 with a vaulted ceiling made of yellow and red brick (60.000 bricks were used).
